Subject: Urgent Clarification – Legal Aid Coverage for First Arrest (04/08/2025)

Dear Tuckers Solicitors,

I am writing to urgently clarify the scope of the legal aid granted under reference COR10388/00002.

From your latest response, it appears that legal aid has been approved for the fourth and most recent incident. However, I originally submitted documentation with the understanding that this application was intended to cover the **first wrongful arrest on 04/08/2025**.

There seems to have been a miscommunication, possibly during exchanges with Emil Freedts, regarding which incident the legal aid applies to. I complied fully and submitted supporting documents, but it now appears that the first case may not have been included or processed correctly.

Please confirm whether the legal aid granted **also covers the first arrest**, as both incidents are directly connected. If it does not, I request that this be urgently reviewed and amended to ensure full representation.

Let me know if any further documentation is needed to resolve this.

Kind regards,

Mr Simon Cordell
