The Illegal Subletting of Council Stock Homes!

The illegal subletting of flats by council secure tenants constitutes a breach of their tenancy agreements. In my block, there are six flats arranged over three levels, with two flats on each level. Each front door faces the next, and the bottom-floor flats have back gardens. I have lived in one of these bottom-floor flats since 2006.

This estate is designated for individuals over 40 years old; however, I've noticed an increasing trend of younger individuals moving in alongside the adult tenants. While their presence has contributed to some changes, my negative experiences in the community primarily stem from the actions of the original adults I once considered friends.

Unfortunately, I have faced racial hatred, unfounded rumors, and a toxic atmosphere fueled by individuals seeking to emulate violent behavior. These actions have severely damaged our community spirit without justification.

Between 2006 and 2014, this place thrived with a strong sense of community, and I cherished my time here. Sadly, that sense of belonging has faded, and my overall experience has significantly declined. Despite this, I continue to keep an eye on the activities around me, taking notes of who lives whereas I have also been forced to maintain a diary of the wrongs I have endured, by some of those neighbors as requested by the council and police, when they asked me to document incidents involving members of the estate in my block and sent me a diary form to fulfill.

The two ground-floor flats are council-owned, while the second-floor flats are numbered 113 and 115, with 113 being directly above my flat. When I first moved in, 115 was occupied by a young couple, both white British, with whom I had no issues. However, in 2014, I began experiencing harassment from the residents of flats 111, 113, and 117 (the latter address of 117 being directly above 113). The situation escalated, as the council and

police sided with them, due to initiating the problems of cause and this wrongful behaviour further exacerbating the problem.

With that being explained I can get closer to the point and that being about the legal occupation and inhabitation of 115 Burncroft Avenue based from my understanding

It is worth noting that the tenants of 115, who disapproved of their neighbors' behavior, eventually moved out.

I visited 109 Burncroft Avenue on [17/03/2017](#) to hand deliver to post a letter through Mr. Cordell's door and as I got into my car to drive off after posting the letter, Mr Cordell ran after me shouting and screaming abuse. I did not stop to speak to him and he ran after me until I turned left into Green Street, as he was running after my car, he was shouting at people passing by to stop the car.

By the time I returned to the office, Mr Cordell had telephoned me several times. I telephoned him back and he wanted to know whether I was the person that posted a letter through his letterbox and I said yes. He asked why

did not stop when he ran after me and I told him that I had another visit and did not have the time to stop and talk to him. He stated that he will not attend the meeting at the Civic Centre or any of the council and that I should come to his flat. I offered to have the meeting at a neutral venue like the local library or even at his mother's house, but he refused and shouted to shout abuse and accuse me of taking sides with his neighbours. He denied doing the things that he is accused of doing and stated that he is the victim and that the council have refused to deal with his complaints against his neighbours. He stated that he has been suffering noise disturbances from his neighbours since he moved into his flat and that the council have refused to deal with it, He alleged that the council is conniving with the police to victimise him and threatened to put in a complaint. against me. He continued shouting abuse and will not Set me say a word. I then advised him that I will have to terminate the conversation as we were getting nowhere,
